## OBJECTIVE: (AIM BELONGING TO FUTURE!!!!)

Objective of my life is to find new techniques in the field of chemistry to serve my country. My aim is to become most active chemist like HCL and spread awareness about uses of CHEM and its marvelous effects on lives of common people and how they can get benefit from its products and can change their diseased life into healthy life span.

## EDUCATION: (ACADEMIC CAREER)

DEGREE	MARKS OBT.	TOTAL MARKS	BOARD	GRADE	YEAR	SCHOLORSHIP AT SCHOOL/COLLEGE LEVEL
METRIC	1003	1100	BWP	A+	2017	NO
F.S.C	1004	1100	BWP	A+	2018	Receive LAPTOP IN FSC
BS HONS	ONGOING FROM GC UNIVERSITY LAHORE semester 2 <sup>nd</sup>					

RECEIVE CERTIFICATES OF DISEASE MANAGEMENT AND AWARENESS SEMINAR AT GCU LAHORE.

## EXPERIENCE :( KNOW HOW ABOUT THINGS)

### MANAGER | RESEARCH CENTRE OF CHEMISTRY LAHORE

12-5-16 – 12-12-17

My responsibility is to manage balance between reactants and products at research Centre to get the best yield of products. To manage the reactions which is held under supervision of senior scientist and chemist of world best area.

### ASSISTANT MANAGER | CHEMICALS FACTORY OF BWP

23-4-18 – 15-3-19

My responsibility is to increase the products in markets which are very helpful in healthy growth of deformed child. To enhance the health supporting chemicals in the market to win the confidence of customer efficiently is key challenge.

## SKILLS :( ABILITIES RELATED TO MIND AND PHYSIC)

- I can work under severe pressure in factory hours without getting wild and tired of many hour work.
- I can manage balance between usage and need of products at factory to produce necessary things.
- Work with full refreshment and vigor.
- Can supervise with responsibility.
- Can improve products quality to increase market demand of high quality product.

## ACTIVITIES :( DAILY ROUTINE WORK)

- My uttermost activity is reading books which are very productive in creating new things.
- I want to spend my most of free time in contact with nature to discover chemistry in the nature. Spending time with nature enables me to create new ideas in mind which can help to unroll the hidden mysteries.
- I want to read about human nature. How people are different from each other in thinking and practicing.
- I am interested in gardening. I takes care my plants, flowers, fruits etc. Spending time with them gives gimps a joy of new world. Nature is teacher of art, love and humanity etc. It provides relief from dull activities of life and gives a new flavor to the dull taste of life. It provides a kind of wisdom and patience to live a humble and peaceful life in world of hurries and self-caring only. It provides us insight vision to know the basic reason of man coming to this world.
